### 1. Project Aim

*What is this project aiming to achieve overall?*

### 2. Who will you target to attend this project? List numbers and groups of participants

*Note: while everyone is welcomed to participate in this project, it is strongly recommended that at least 50% of the participants are from the community at large other than church members.*

### 3. Project Objectives

*E.g.: 1. To assist families to improve their wellbeing through a 12 week course holistic training  
2. To enable young women/men develop their leadership and practical skills through a vocational programme*

### 4. Describe the process of information gathering to identify the community needs and the reason for this project.

*It is important to highlight in this section what context analysis (meetings with council and community leaders, struggling families, etc.) was undertaken to confirm that the project chosen is going to meet demonstrable and quantifiable needs.*

### 5. What are the expected results and benefits?

*E.g. Families will not only understand the benefits of a healthy lifestyle but also adopt a better diet, exercise more regularly, have peace of mind, and be more resilient to face the day-to-day challenges.*

### 6. Who will be volunteering as part of the project team to coordinate and implement this project? How many volunteers?

*The team will be composed of 1 project leader and 3 project volunteers who have experience in health and training facilitation skills. Altogether, it is estimated that 15 other volunteers will be assisting the project on a rotational basis.*

### 7. What training or orientation will you provide to the volunteers outside of the main CTP project provided by ADRA and/or its service providers?

*E.g. The team of volunteers will benefit from a health and safety training as well as go through the Conflict of Interest and Safe Place policies. A part from that, volunteers will be trained on how to become better training facilitators.*

**8. How are you collecting stories of the participants and sharing them with ADRA NZ so that more people can be encouraged of the impact in their lives?**

*E.g. The Project Leader will collect at least 4 stories among the project participants and share them with the ADRA Programme Coordinator for marketing purposes. Our team will also work on short videos throughout the implementation of the project that shows how participants are progressing in their learning journey.*

**9. Which other organisations are part of this project as well?**

*E.g. This project will be implemented in partnership with the local council, ADRA NZ, and "Empower the Future Young" organisation in various ways. The local council will assist with town hall facilities...*

**10. What is the proposed location of the project? If not at a church premises why has this location been chosen?**

*E.g. The implementing church partner will provide its multi-purpose hall for the implementing of every training session on Thursday evenings. The church is located in a central area for all the target participating families, and offers a safe and enjoyable environment which makes it the right location for this project.*

### CHURCH DECLARATION

**Please sign the declaration below if you agree to the following:**

1. CTP is a partnership between ADRA New Zealand, the Conference and the local church.
